Workbook S. 45 Now you (wird auch individuell überprüft)

I like most kinds of sport, but I think football is my favourite sport. That's because you play football in a team. I also think it's exciting to run, pass the ball and kick it in the goal. Playing football isn't expensive and you can also often watch it on TV. A sport that I don't really like is gymnastics. It's so boring. Nothing really happens and when I watch, I can't tell who did the exercises best. Because they all look pretty much the same, unless the gymnast falls down or something like that.
