If your answers are correct, you have written the name of a very popular US TV series:

The Simpsons

- 1 You can watch Law & Order at 8 pm. It's on NBC.
- 2 No, you can't. Because Dodgeball starts while Top Model is still on.
- 3 The Simpsons and Friends are reruns.

Dear student,

My favourite TV programme was on TV yesterday.

I must tell you about it. It's called Inspector Barnaby and it's on every Monday from 8:15 pm to 11:15 pm on ZDF neo. The programme is a crime series and they always show two episodes on Mondays. Neil Dudgeon is the main actor, he plays the role of Detective Chief Inspector Barnaby. It's about the murders that happen in a fictional English county called Midsomer. I like the programme because there are many funny dialogues between the Inspector and his assistant. Also, it's exciting without featuring any brutal scenes. You never know beforehand who the murderer is and there are many turns in the story until the end. I never record the programme because it doesn't make sense to watch an episode again and again if you know from the start who the murderer is. My mum and dad also watch the programme, but my wife doesn't like it.

What's your favourite programme?

Bye,
